# Crypto Custodian Refresher Course

"I believe that this course is an excellent opportunity for Custodians to assess their skills and knowledge practically in a training environment, and to learn from the vast Crypto experience of SBL."

*Bernadette Hopkinson  
Service Development Manager, SBL*

## Course Content Overview

- Introduction to SBL
- Custodian Documentation
- The MPS
- InfoSec Standards
- Custodian Responsibilities
- What is crypto?
- What is ACCSEC?
- Whole Life Accounting
- Movement of Crypto
- Incident Reporting
- Practical Sessions

A VETTING STATUS OF BASIC CHECK IS A PRE-REQUISITE FOR ATTENDANCE ON THIS COURSE

The SBL Custodian Refresher Course has been designed to provide revision to current Custodians and as an introduction to new Custodians to the minimum national standards and procedures for the safe-keeping of cryptographic or accountable materials.

The course is predominantly practical hands-on accounting and security training, utilising numerous examples and exercises, prefaced by a resume of the threat to protected material.

Targeting current Custodians, this course will deliver training to those who require refresher training to assist in the practicalities of the day to day Custodian tasks. These will include Police Forces, Government Departments, List X companies, and all those working with accountable material.
